

# First Conditional

If the weather is good at the weekend,  
will you go out?

If your country wins the next football  
world cup, will you be surprised?

If global temperatures continue to rise,  
do you think it will be a problem?

If you learn to speak English perfectly,  
how will it change your life?

If you get a pay rise this year, what will  
you spend it on?

If you are invited to a party this weekend,  
will you go?

If there is another global recession, do  
you think you'll be affected?

If the next president of the US is a  
woman, will you be happy?

If artificial intelligence continues to  
improve, will it be the end of the human  
race?

If you have problems sleeping tonight,  
what will you do?

If you find 100 euros or dollars in the  
street this evening, what will you do?

If you see a homeless man on your way  
home today, will you give him money?
